

SUPPORT NETWORK

Our Charity is an umbrella organisation here to support the isolated, vulnerable, sick, and those with long-term conditions. The project evolved from partnerships with Abbey Medical Group in Blidworth and lack of NHS contractual support for the people we work with and their families. We cover Blidworth, Rainworth, Ravenshead and surrounding hamlets. Our volunteers are here to provide transport in our adapted vehicle that has the latest PPE equipment, as well as wheelchair access, to take these people to much need appointments at the GP Surgeries or hospitals etc. Age is not an issue as we work with adults generally over 30 and oldest service user is 98 years old. As well as providing transport the project provides befriending, buddying, advice and support to those with long-term conditions, food aid and shopping service, prescription delivery. We work closely with all key agencies and charities in Mid Notts and further afield, such as the NHS, C>I>S>W>O> The Coal Industries Social Welfare Organisation. Age.UK, Mysight, Healthwatch, First Responders.

If healthcare is an issue for you and we can help, give me a call. Gilly 07816933429 or email gillyflower50@hotmail.com. To book transport call Lorraine 07915929936. We are a charity and depend on donations and charitable funding. See our website or Facebook 'Blidworth News'. We pride ourselves on being focused on our communities needs and how to make it happen for those who are not on the Internet.
